

# GUTS™

Get Up To Speed  
Online Learning Program

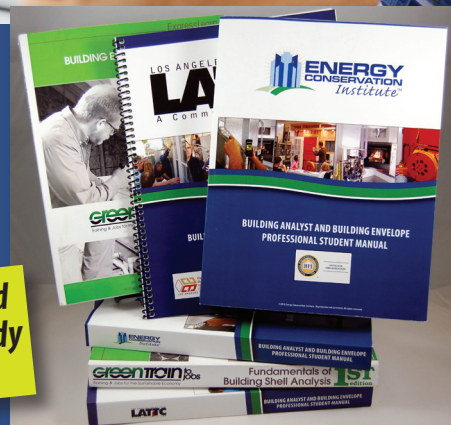

## DESIGNED FOR BUSY PROFESSIONALS Seeking to Obtain BPI Certification

Through professionally designed online and printed learning materials, the **GUTS** Program allows students to “*Get up to Speed*” in their knowledge of the standards, procedures, and protocols necessary for BPI certification. The equivalent of most week long lecture courses, the **GUTS** Program provides a streamlined approach to learning through high quality narrated presentations, reading assignments, and challenging practice quizzes. Upon completion of the **GUTS** Program, most students find themselves well prepared for BPI written tests and field training.

### Features of the online GUTS Program include:

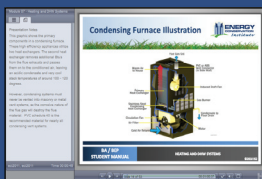

- 20 high quality presentations narrated by professional voice talent
- Over 400 high resolution color drawings, illustrations and job images
- 18 practice quizzes, plus a 150-question final practice exam
- Includes printed Lecture and Field Guides, Smoke Generator, Spillage Mirror and more
- Includes access to ECI instructors for Q&A and program support
- NEW! Scholarship program available - call for details

**Includes Printed  
Lecture and Study  
Guides!**
